

Magnum Shoulder Press

MG-PL23

Featuring an independent converging movement that encourages a natural path of motion, the Magnum Shoulder Press maximises strength in the shoulders and arms. A slightly reclined position reduces lower back strain, dual grip pressing positions offer greater training variety, and the ratcheting seat easily adjusts to fit different body types. Four storage horns provide ample room for plates.

- Ratcheting seat for easy adjustment
- 4 integrated weight-storage horns
- Dual-grip pressing positions offer greater training variety
- Slightly reclined position reduces lower back strain
- Independent converging movement provides a natural path of motion
