

Magnum MEGA Half Rack

MG-MR690-03

Designed for training efficiency, the Magnum MEGA Half Rack provides an optimized solution to meet the demands of today's strength coaches, athletes and trainers. An open-front design gives users freedom of movement and flexibility. A height indicator and a coloured locking pin make bar-level changes quick and easy, and J-hooks made of high-density polyethylene (HDPE) protect the bar knurling from scratches. Plus, the seven-gauge steel uprights and heavy-duty frames mean the Magnum MEGA Half Rack can handle your toughest users and the most rigorous workouts. Includes adjustable safety bars, dual straight chin bars, bar storage, band storage and weight storage. Includes three retractable lower band pegs on each side (six total).
